

MAXIM 3000

“Made with 40% fewer parts and ultra-smooth walls, the Maxim 3000 costs less to service and repair.”

**Portable toilets
preserve and protect
our natural resources.**

Operators and end-users love the clean, sleek look of the Maxim 3000! The ultra-smooth walls with interlocking corners, create a beautiful exterior and interior surface that is simple to clean and maintain. One of the most impressive features of the Maxim 3000 is the few number of parts needed to construct and assemble this toilet. By using 40% fewer parts than standard toilets, it requires a smaller parts inventory, fewer repairs and has a superior fit.

Double-Walled Construction For Exceptional Strength and Durability

The revisited Maxim 3000 is a fully blow-moulded toilet, with doublewalls and interlocking panels, creating a cabana with unmatched strength and durability. The fit and finish of the Maxim 3000 has also been improved by using common walls and a full base-to-cabana overlap, creating consistent alignment during assembly. An added benefit to end-users and operators is the new vent pipe, with built-in coat/purse hanger and shelf, conveniences not found in most standard toilets. That's because a Maxim 3000 offers more than a standard toilet.

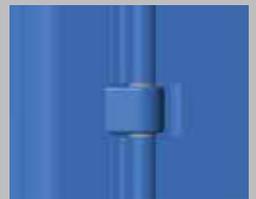

✓ features

Walls are connected using an interlocking knuckle system and full length connecting rod to create a smooth, beautiful fit and finish.

A uniquely designed vent pipe with built-in coat/purse hook and shelf provides end-users with added conveniences.

A new centre hinge improves the overall door strength, alignment and fit.

+ additional features

- Large 265L tank
- Ultra strong and smooth, two-ply walls
- Vandal-proof door springs
- Single wall roof for brighter interior
- 10 year limited warranty

Standard

The interior has ultra-smooth walls for easy cleaning and a hover tank that allows you to use the toilet without sitting down.

Standard with Hand Wash

A contoured hand wash, using a hands-free foot pump for operation, fits snugly in the corner and provides up to 160 uses.
